Take these ideas on board as your own and your life will change! Have you ever wondered how millionaires amassed so much money? You may be surprised to read that most often it was not purely from earning big salaries, but also from watching what they spend. Even for those who have wealthy relatives or have enjoyed wealthier times, there s no quicker way to money troubles or even bankruptcy than to continuously spend more than is earned. It s great to be optimistic, but foolish to spend next week s earnings before they are earned. It s easy enough to understand this simple idea, but it s hard to make practical use of the concept unless you have some real tools to apply every day. In this book - destined to be a bestseller - are 40 tried and proven tips for keeping your money in your pocket rather than in someone else s. It s been said that a quick Google search can provide as many tips, and that may be true, but if you follow these 40 tips - and I don t mean simply read them and forget about them - you really will save money. Take them on board as your own and your life will change!.
