This guide offers you dozens of interactive, ready-to-use, age-appropriate and story-based activities that get children actively involved in learning. Designed to expand the child's self-awareness, range of expression, and aesthetic sensibility at particular stages of development, from infancy to puberty, these literature-based programs are simple enough to be used by any educator, even if you have little or no dance experience. Included for each program are learning goals/skill development, a literature-story connection, and detailed instructions for movement and vocal improvisation and creative dramatics. A great resource for after school programs, home schools, and daycare centers. Ages Infant-14 Stories on the Move develops a child's emergent, cultural, and interpretative literacy skills. The first three chapters for babies, toddlers, and preschoolers are based on nationally recognized standards and methods for tapping emergent literacy skills. The fourth chapter takes children on StoryTrips to other countries and includes language, stories, dances, and customs of those countries. The fifth and sixth chapters for older children show them how to interpret story structure and the elements of character, setting, mood, plot, and theme. Included for each program are learning goals/skill development, a literature-story connection, and detailed instructions for movement and vocal improvisation and creative dramatics. A great resource for after school programs, home schools, and daycare centers. Ages Infant-14.
