From the building of the Great Wall as a means to ward off enemies to the Cultural Revolution, China has gone through many changes. The people of China continue the traditions of their past and are moving toward the future. The country has gone from an isolated nation to a land that welcomes tourism. Features of the series include: main chapters that focus on geography, people and culture, history, government and economy, and nature; At a Glance double spreads to present a maximum amount of information in a minimal amount of space, utilizing charts, tables, time lines, and other highly visual elements; and, full-page maps that highlight physical features, vegetation and ecosystems, history, population, and political organization. As a bonus, every photograph within each chapter is tied to a location on the main map for that chapter. Smaller maps zoom in on special topics, such as migration, rainfall, changing borders, resources, industry, and other important themes.
