ZOMBIE CRUSADE SNAPSHOTS: VOLUME I (PAPERBACK)

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Zombie Crusade Snapshots are quick glimpses of critical locations around the world as the zombie pandemic begins to unfold. While the snapshots connect to the main storyline of the Zombie Crusade novels (some in obvious ways, others in ways that will become apparent as the series continues), they may also be read as stand-alone stories. Two of the tales in this collection, Israel and Ontario, have been previously released electronically. This volume includes: Israel An Israeli professor brings back more than artifacts when he returns home from an archeological expedition in the Hindu Kush Mountains. Ontario As the bizarre zombie pandemic sweeps across North America, residents of a large island on Lake Superior prepare to isolate themselves from the rest of the world. POTUS General Mathew Barnes ingratiates himself with the President of the United States in the early days of the global disaster. Maine A community of the super-rich hire the best protection money can buy to avoid being overrun by scores of infected as well as hordes of frightened citizens in search of a safe haven in their crumbling world. Tennessee An organized and self-sustaining settlement has to choose between the lesser of two evils when faced with an army of evolving, flesh-eating monsters.
